

Need insurance? get covered

Home-sharing Insurance. Get it covered.

FeedUp, together with GUARDHOG, have specifically created a new insurance product to cover Hosts when you're hosting an event.

What is it?

GUARDHOG's home-sharing insurance, Host Cover, is on-demand, pay by the event 'full-fat' home insurance that covers the risks of having events at your home. GUARDHOG have designed the cover so that it dovetails with your existing home and contents insurance and, there is no need to make any changes to your existing policy.

What does it cover?

- Malicious and accidental damage
- Theft by the guest and unforced entry
- Public liability
- Buildings and contents, and
- Communal areas.

On top of that...

As one can never be certain exactly what your existing insurance will do in the event of a claim when it's unrelated to an event, the policy states that if something is specifically excluded because of the event, you will be covered. For example, if there is a storm, your home floods and your insurer won't pay because you had guests to dinner, then the GUARDHOG policy will.

What does it cost?

The costs vary depending on the host and the property, but start from as little as £1 as long as you're using FeedUp.

Make sure you mention FeedUp on sign-up to GUARDHOG for 10% discount.

What a brilliant idea! What do I do next?

We're not the experts, GUARDHOG are. So please email Humphrey@guardhog.com, call the team on 0207 199 6610 or look at their website www.guardhog.com. We're hoping that you will take advantage of this insurance. So, to ensure it's as hassle free as possible we can set-up a feed to GUARDHOG that automatically allows them to see any new bookings. Once you have registered with GUARDHOG, simply opt for all bookings to be automatically covered.

Where can I sign up or get more information?

www.guardhog.com
